EMPLOYMENT INSIGHTS

2023/10

The CareerJunction Employment Insights Report provides an analysis of the supply and demand trends in the online job market, to represent online labour dynamics in South Africa.

The analysis and findings serve as a foundation for potential HR solutions & strategies, enabling businesses and recruitment agencies to focus on relevant occupations when developing their talent attraction and retention strategies.

EMPLOYMENT TRENDS

Following an increase in recruitment during August, **recruitment activity decreased significantly in September (-13%)**. Year-on-year, **hiring activity is down by -12%**, compared to September 2022. This downturn has been driven by a decline in hiring activity for **Admin, Office & Support** professionals.
